

## Quail Hollow Elementary – School Community Council

Minutes from October 20, 2015

The meeting began at 7:50 am under the direction of SCC Chairman, Cheryl Simmons. Also in attendance were Shad DeMill, Principal; Pat Passey, teacher; Rene Hunter, Mila Gleason, and Ashley Andersen. Excused absence: Kelly Chapman.

Approval of minutes from 9-15-15; motion Rene, second Mila.

### Discussion of School Community Council Training

External Communications: a summary paragraph of the Land Trust Plan and a link to the complete document will be emailed to parents by Shad.

Other ways to communicate SCC activities may include:

PTA Newsletter- Mila will do this

QH Website – SCC tab updated

February Parent-Teacher Conferences

“Did You Know That?” – informational posters in February

QH SCC website information

Information about the Land Trust

District and school academic news

SCC Members photo

The 2015-16 timeline for SCC:

Shad will share CBM testing data with the SCC after fall, winter and spring testing dates.

January/February – next year’s Land Trust plan will be looked at  
SCC funds are routinely disbursed because the aides work hours are distributed evenly throughout the school year.

Current aides (Jan A., Karen A., and Nola W.) will be invited to the December SCC meeting.

Safe Technology and Digital Citizenship–new SCC responsibility  
Canyons District supplies Ed.Techs to schools to fulfill teacher/staff needs. We also have Scott who does repairs. The District server has several filters in place. All the requirements on the Safe Technology handout are covered by our District services already. Nothing is fool proof. Kids shouldn't do a Google images search. Naomi Damron, the QH media aide, and liason to the District committee, will be invited to the December SCC meeting. She will be able to use some library time to instruct students, especially 5<sup>th</sup> graders, about their digital footprint and internet safety. White Ribbon Week will be the first week in February.

CSIP & School Land Trust Plan – Our school goals correlate with our Land Trust goals and expenditures. Also, PBIS (student behavior) goals are listed and relate to the school goals. Our PBIS goal is 4:1 positive to corrective responses from teachers. We are probably at 3:1, but this is difficult data to track. Students can receive Quality Quails from their teacher and other staff members for positive behavior also.

Next meeting: Tuesday, December 1, 2015 at 7:45am. Motion to adjourn Rene, 2<sup>nd</sup> Ashley at 8:50 am.
